Program Completions Report Overview

The Program Completions report is conducted annually and serves as one component of determining student achievement. The report reflects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and gender. The report reflects a single 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year. This reporting date range allows for alignment with the national standard used by the U.S. Department of Education. As such, this year's Program Completions reporting period is between July 1, 2019 and June 30, 2020.
